This is to certify that above mentioned type of pressure equipment fulfils the requirements

Directive of the European Parliament and of the Council 97/23/EC

performed by the law No. 22/1997 Coll. as amended and Decree of the government No. 26/2003 Coll. as amended.

This certificate has been issued for the purpose of the declaration of the conformity with above mentioned technical rule.

The details of assessment and the list of important parts of technical documentation are given in Report of assessment No. 0745/20/04/AW/IZ/T, which is integral part of the certificate.

The details of validity and the rules for disposing with certificate are shown on the other side of certificate.

Prague, on 7.10.2004

Ing. Ivo Dršťák
on behalf of Notified Body

1. Scope of validity

Gate valve, flanged and welding type DN 15 – 500 PN 16, 25, 40, 63, 100

2. Conditions of validity:

This certificate is valid for ten years from the day of issue and may be renewed upon request.

Modifications of the pressure equipment against the certified one shall be immediately reported to TÜV CZ. This circumstance may cause the future continuation of the certificate to depend on additional evaluation of conformity.

The relevant directions for use and installation shall be added to each product.

Each product shall contain an explicit reference to the manufacturer or importer and the type designation to allow for determination of identity of the tested type with products put into circulation.

3. Rules for certificate handling:

The certificate applies to the products only that are specified on page one. This applies also to its utilization in promotional, advertising and commercial documents.

This certificate may be reproduced only as a whole. It is forbidden to amend, complete or change the data in the certificate.

Unauthorized or deceptive use of the certificate may be fined (§ 19 of Act No. 22/1997 Coll. as subsequently amended by Act No. 71/2000 Coll.).

The certificate does not apply to products that were changed without consent of TÜV CZ, with the change affecting the conformity with standards and regulations used.

The certificate applies only to its holder and to products and places of manufacture specified in it. It is not allowed the certificate to be transferred by its holder to third persons and/or to be used by third persons. It may be transferred to third subjects only by TÜV CZ.

To all other terms and conditions, the „General Conditions for Product Certification“, last edition, apply.
